INTELLIGENCE INFORMATION REQUIREMENT																			
AREA HUNGARY	SUBJECT GAPS IN INFORMATION - Ferrous Metallurgical Industry																		
REFERENCE:																			
<p>1. The attached GAPS IN INFORMATION statement is one of a series which is designed to furnish collectors with guidance for collecting and reporting on priority gaps in those economic and geographic fields for which ORR/CIA has intelligence production responsibilities under NSCID 1 and NSCID 2. The Priority National Intelligence Objectives (DCID 1/3) indicates the relative priorities of the fields.</p> <p>2. When completed, this new series will provide for the first time a systematic coverage of ORR's priority intelligence needs in each field by country or geographic area. Each gap statement is compiled after a survey of material from all sources, as summarized in the BACKGROUND. Each will be revised periodically in light of responsive reporting and developing intelligence problems.</p> <p>3. Each statement includes priority gaps ONLY and is intended to supplement general guides, ad hoc and source-oriented requirements. As such, it does not represent total intelligence needs. Neither does it include priority subjects on which adequate information is currently available. Therefore, the gap statement should not be used as a basis for discontinuing reporting. Specific, ad hoc or source-oriented requirements and evaluations will continue to be provided as appropriate.</p> <p>4. The attached statement presents ORR's priority gaps in information on the Hungarian ferrous metallurgical industry. All subject headings and questions under these headings are arranged in a descending order of priority.</p>
